

# MERLYN™

THE COLLECTION

At MERLYN, sustainability runs through everything we do. We use FSC-certified packaging, promoting responsible forest management, and are eliminating single-use plastics. We've streamlined our product range to cut waste, so you get exactly what you need.

Every MERLYN product now comes with a Lifetime Guarantee - because we build to last, and you deserve quality that endures.

Our suppliers are working toward ISO 14001 certification, while our logistics partners are improving shipping efficiency with enhanced carbon reporting.

We've upgraded to LED lighting, installed EV charging stations, and improved recycling across our facilities. By 2028, our entire vehicle fleet will be fully electric.

## it's all about the experience

We've built our name and reputation on a simple ethos – to deliver on everything we promise to our customers.

This is because you are at the heart of everything we do. We have a relentless desire to deliver the highest level of attention to detail.

Our award-winning customer service department – and the wider MERLYN team live this ethos every single day.

We're passionate about innovation, quality and design, and this is reflected throughout our ranges. Our unique approach has resulted in us becoming the No.1 shower enclosure brand in the UK and Ireland. When you choose a MERLYN shower you are investing in one of the world's most luxurious showering environments and you get the added peace of mind of our Lifetime Guarantee.

Thank you for choosing MERLYN.

ECO FRIENDLY  
PACKAGING

## 8 | series | frameless

If your bathroom is crying out for an enclosure that has a minimalist designer frame the 8 Series Frameless range is perfect. With its chrome hinges and handles, it's the perfect complement for any modern styled bathroom.

### Why choose 8 Series Frameless?

#### 8mm glass

The 8 Series Frameless range features stunning 8mm frameless glass, standing at the impressive height of 2000mm.

#### Signature badging

For the designer look, the minimalist frame is complemented with subtle MERLYN embossing. A true mark of quality for you to showcase in your bathroom.

#### Horizontal designer handle

The Hinged and Quadrant shapes in this range feature our exclusive horizontal handle which offers the perfect symmetry and solid feel to this truly stunning range.

#### Tested for quality & safety

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards (UKCA and CE mark info page 116).

#### Ultra slim hinges

Complementing the designer minimalist look, the ultra sleek one piece hinges on our 8 Series Frameless range are our most innovative to date. The internal mechanics are concealed fully in one elegant chrome plate, which gives you a secure showering environment with added style.

#### Colour Finishes; Express Yourself

When ordering your door please use the correct code to the size required. Then add the colour code you need.

Example: ANF76 is the standard chrome code add **MB** for Matt Black, **BBR** for Brushed Brass, **BN** for Brushed Nickel or **BGM** for Brushed Gun Metal.

**Example:** ANF76 + MB (Matt Black) = ANF76MB.  
Chrome option is your standard code.

SHOWER ENCLOSURES

Extensive Range - 53 sizes available

The MBOX range delivers stylish, quality products with additional features and benefits including heights of 1800mm and 1900mm and comes with pre-assembled fixtures making it easier to fit.

MBOX offers loft height sizes (1800mm) in Sliding Doors, Bifold Doors, Two Door Quadrants and Side Panels. These loft sizes are ideal for low ceilings, making the most out of the space in your bathroom.

## Unique Easy Fit System

Align the horizontal and vertical profiles together.

Slot the horizontal profile and screws into upright using guide channel until flush.

Secure screws into position using dedicated access holes.

## Double Rollers

All rollers on MBOX products are double quick release for easy cleaning.

## Inline Panels

MBOX offers Inline Panels that can be used in any space from 650mm to 1900mm.

## Loft sizes

MBOX offers 3 reduced height doors. Perfect for converted loft spaces. Available in sliding door, bifold door, side panels and two door quadrant.

## Colour Finishes; Express yourself

When ordering your door please use the correct code to the size required. Then add the colour code you need. Example: MBS1000 is the standard chrome code add **MB** for Matt Black or **BBR** for Brushed Brass. **Example:** MBS1000 + MB (Matt Black) = MBS1000MB.

Chrome option is your standard code.

BBR = Brushed Brass    Standard Chrome    MB = Matt Black

## Inline Panels - Chrome Only

MBOX also offers you additional Inline Panel options. A great solution for spaces which don't suit standard size enclosures. The two Inline Panel sizes each combined with our existing Sliding, Bifold and Pivot Doors, can make an enclosure to fit any space from 650mm to 1900mm wide.

# MERLYN™

---

## Wetroom Collection

**Create daily moments of pure indulgence  
in six impeccable finishes:**

Matt Black, Brushed Brass, Bronze, Chrome,  
Brushed Nickel, and Brushed Gun Metal Grey.

Enhance your sensory journey with our fluted  
glass. Protected by our lifetime guarantee -  
everyday luxury that speaks to all the senses.

**Anodised finish** - The colour layer is fully integrated with the underlying aluminium substrate, so it cannot chip or peel. Making it more durable than powder coating.

Stabilising Bracing Bar - Colour options

Ceiling Bracing Bar - Colour options

Angled Bracing Bar - Chrome Only

# WHY CHOOSE OUR NEW 8MM WETROOM PANELS FOR YOUR BATHROOM

Simple yet stylish, our new 8mm Wetroom Panels offer you the choice to mix and match many combinations of shapes and sizes to any space you require. At MERLYN we understand that every wetroom space is different, which is why we have designed a modular system of wetroom panels that can be combined to fit any area. We have broken the range down to 17 key components with additional fitting options which you can build together to make up the full wetroom of your choice. It's as simple as A, B, C.

## Colour Options...

Standard Chrome

BBR = Brushed Brass

MB = Matt Black

BBZ = Brushed Bronze

BGM = Brushed Gun Metal Grey

BN = Brushed Nickel

**Colour Finishes:**  
*Express yourself*

When ordering your door please use the correct code to the size required. Then add the colour code you need. Example: AW80 is the standard chrome code add **MB** for Matt Black **BBZ** for brushed Bronze or **BBR** for Brushed Brass. **Example:** AW80 + MB (Matt Black) = AW80MB. Chrome option is your standard code.

BBR = Brushed Brass    BBZ = Brushed Bronze    MB = Matt Black

# Bath Screens

Innovative design and contemporary aesthetics bring this bathroom favourite to life. This modern collection has been created with the same superb materials and unrelenting attention to detail demonstrated across all MERLYN ranges.

## Why choose MERLYN Bath Screens?

### *180° inwards swing*

The signature piece of this range, the Two Panel Hinged Bath Screen features a secure 180° inwards swing which means you can position the glass where you can comfortably deflect water into the bath and not on to the floor!

### *Tested for quality & safety*

All products are rigorously tested by us and by global health and safety experts to make sure they adhere to the highest quality standards.

### *Rise and fall*

All MERLYN Bath Screens have a rise and fall hinge to make it easier for you to open.

## HydraSEAL

### Exclusive to MERLYN Bath Screens

HydraSEAL Experience the enhanced quality of MERLYN bath screens, now featuring a superior 'Leak Free' design. The innovative upgrade integrates the bracket and pivot into a single piece, eliminating potential leak paths. This not only ensures a cleaner, sleeker appearance but also makes installation easier than ever. Enjoy the perfect blend of functionality and style with MERLYN's latest bath screens.

HydraSEAL is now available on our MB1, MB2, MB3, MB3A and MB3B bath screens.

HydraSEAL A single piece of 'Leak Free' technology!

# MERLYN trays

Beautifully sculpted shower trays, angled and contoured to match all enclosures and spaces, achieving the perfect combination of luxury, elegance and durability.

# LUXURIOUS TEXTURED SLATE TRAYS

Beautifully handcrafted and ultra-low slate trays, elegant in appearance and luxurious to touch. With 5 finishes to choose from - Black, Sandstone, Graphite, White and Fossil Grey.

These trays will bring an element of natural beauty and a truly designer finish to your bathroom.

## Features

- > Ultra Slim: only 30mm in height.
- > Handcrafted from high grade stone resin.
- > 5 Colour Options - Black, Sandstone, Graphite, White and Fossil Grey.
- > Integrated Discreet Waste.
- > Luxurious Textured Finish.
- > Can be fitted on or level with floor.
- > Comes with 90mm Fast Flow Waste.
- > Our self cleaning vortex design: Offers a maintenance free solution as it doesn't require any cleaning.
- > Please Note: Images are for illustrative purposes only. The colours & finishes shown in the catalogue are as accurate as possible within the limits of the printing process.

### MERLYN Branded Waste Cover

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

## Inline Panel - *Space Solutions*

MBOX also offers you additional Inline Panel options. A great solution for spaces which don't suit standard size enclosures. The two Inline Panel sizes each combined with our existing Sliding, Bifold and Pivot Doors, can make an enclosure to fit any space from 650mm to 1900mm wide.

Without Mershield Stayclear

Natural glass surface.

With Mershield Stayclear

Mershield Stayclear coating creates a smooth layer over the surface of natural glass, lowering surface friction, making it easier for water, soap and lime deposits to run off the glass.

MERSHIELD™  
STAYCLEAR

## Mershield Stayclear

MERLYN treats every product in the Series Collection with a special protective coating to ensure the glass maintains its sparkle. This comes as standard as part of our on-going commitment to service. Mershield Stayclear acts as a protective coating which when applied to glass, helps the glass to remain shiny and new without the need for tiresome cleaning.

When cleaned correctly it helps prevent the build up of limescale and soap deposits making the shower glass “easy to clean”.

# Product Information

We have produced this product section to help you with your purchasing decision. For further information please contact your local stockist, details of which can be found at [www.merlynshowering.ie](http://www.merlynshowering.ie)

## Product information

All products are manufactured in accordance with EN14428 and utilise toughened safety glass to EN 12150.

All shower trays are manufactured in accordance with EN14527.

All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.

All enclosures, wetrooms and panels are Power Shower approved – will retain water under normal showering conditions.

Water retention is maintained in all products under normal showering conditions.

A selection of MERLYN enclosures are frameless in design. Spray/mist may escape therefore we would recommend use of these enclosures with tiled floors.

Opened cartons can not be returned. Returns carry a £40 box charge or £60 per unit where the sale is less than 30 days old. Returns over 30 days old will not be accepted.

All products are supplied complete with full installation instructions and the necessary fixings.

Check with your dealer for accurate matching of material samples. Product descriptions do not imply the use of precious or valuable materials.

Our policy of reviewing product design and development on a regular basis means MERLYN reserve the right to change product specifications and prices without notice.

Only shower enclosures, panels, Truestone shower trays and bath screens are covered by the Lifetime Guarantee. Please contact the MERLYN sales team for more details.

Glass shattering and parts subject to wear are not covered by the Lifetime Guarantee.

For full details on all product ranges please contact MERLYN Showering on 0808 1011429 or log onto [www.merlynshowering.ie](http://www.merlynshowering.ie).

Trays shown in this catalogue are for illustrative purposes only.

## Images are for illustration purposes only.

The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.

All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.

## Cleaning

It is important to clean your MERLYN shower door

- > and tray after every use. Wipe down all the glass
- > and metal parts with a soft cloth.
- > Do not allow lime scale to build up in hard water areas.
- > Ensure that any residual water on the glass is removed after every use.
- > Clean the glass regularly using soapy water.
- > Do not use abrasive products on any surfaces.
- > Install the enclosure in a well ventilated area.

## Information and maintenance

Always read the instructions on the packaging, chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

## Important shower tray information

- > It is up to the designer or installer to ensure that the tray and enclosure combination is arranged in such a way that water retention meets the customers needs.
- > The waste has the capacity to carry away 27L/Min. High powered systems may exceed this. Please check with the manufacturer.
- > Please ensure that the shower head is not positioned directly over the waste as this may restrict water flow rate.
- > Please ensure that the colour and size of shower tray are as per your order before installation.
- > You must inspect the product thoroughly before installation. Fitting the product is acceptance of quality.
- > The trays are handmade from natural material. Please allow for height variances due to manufacturing tolerances.
- > For open ended shower screens please consult your installer.
- > Shower trays must be fitted as per the fitting instruction. Deviation from the pre installation checks or fitting installation will void the guarantee.
- > When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

## Important

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an 'up-stand'. The finished installation space may be less than the nominal tray size. Merlyn shower units are made to suit this remaining space.

## Tray Finish min-max

The Tray Finish applies when fitting a door and a tray. These are the minimum and maximum dimensions that a shower door or enclosure will fit using standard wall profiles.

## Tray finish

### To find the correct Tray Finish dimension:

**In a recess:** Measure from the finished, tiled wall to the opposite finished, tiled wall.

**In a corner:** Measure from the finished, tiled wall to the edge of the tray.

**Note:** If the wall/walls are leaning in, this will further reduce your Tray Finish.

## Adjustment

This is the min and max adjustment of the actual enclosure. These are the adjustment dimensions of the actual door excluding the tray. Therefore, these are the dimensions to follow when installing a enclosure in a wetroom application without a tray.

The guide below may be helpful in taking measurements to determine the shower door or enclosure size required. Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

Please note that when a tray is fitted it is essential that the tray is level before any doors or enclosures are fitted.

## Recess Location

Take the measurements after the tray is installed and the walls are tiled.

## Bath Screens

- > Merlyn Bath Screens are not designed to fit on baths with stepped fronts, roll top rims or integral soap dishes.
- > Fitting of screen on baths which have raised head rests or shapes is not recommended.
- > There must be no items causing obstruction with the seal and bath, as any of the above may cause leaks.
- > When choosing your Bath Screen, please ensure that if your bath has bath handles, they do not interfere with the bath rim area where your screen will be placed.
- > When choosing an in-swing or folding Bath Screen, please ensure your swing area is not interfering with any brassware or internal shower features. Similarly, when choosing an out-swing, please ensure the out-swing area is free from any obstructions.
- > It is recommended the shower head position is situated on the same wall to which the Bath Screen is fixed and in the centre of the shower area.

UKCA, CE & EN Information

The UKCA (UK Conformity Assessment) mark on MERLYN enclosures is the new standard marking for products on the market in Great Britain (England, Wales and Scotland). It is a declaration that the product complies with GB designated standards.

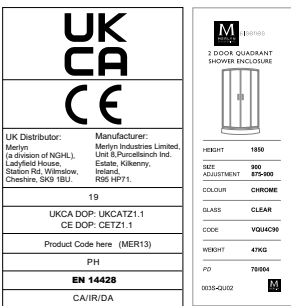

The CE markings on MERLYN enclosures is a declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

EU and GB legislation requires manufacturers to display either the UKCA mark for Great Britain and a CE mark for the EU and Northern Ireland on their product or packaging. It is an offence to place a product on the relevant market without a UKCA for Great Britain or CE marking for the EU market.

The manufacturer is legally responsible for ensuring that the product conforms to the requirements of both directives.

The European Commission thus refers to the CE marking as a "Passport" which allows products to be freely circulated within the EU single market. The UKCA marking allows products to move freely within Great Britain.

Often consumers will consider the UKCA and CE markings on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. Both markings are often seen by consumers as a "Symbol of Safety."

New GB, EU and NI label

MERLYN invests heavily in its product development and as such guarantees that its glass fully complies with regulations and is manufactured in accordance with BS EN 14428. The rigorous testing of the glass ensures that the endurance, stability and water retention criteria meet high industry standards.

ISO Certification

MERLYN has implemented an Integrated Management System comprising of Quality Management, Environmental Management and Occupational Health and Safety Management. An Integrated Management System ensures the seamless integration of several different standards into a common system that meets the requirements of each of these standards. These certifications are proof of MERLYN's credibility but also to instil confidence in our potential clients that MERLYN will keep its promises.

Packaging

Packaging guide

Please note from our packaging guide the number of boxes your door will be supplied in, depending on its size and model. Side Panels are supplied in a separate, extra box. If the enclosure ordered is not listed in the guide, the product, installation guide and fixing kit are supplied in 1 box. Some products are handed, please state Right Hand (R) or Left Hand (L) when ordering.

Due to our policy of continuous improvement, we reserve the right to amend prices, specifications and designs without prior notice. Images are for illustrated purposes only. The colours and finishes shown in the catalogue are as accurate as possible with in the limits of the printing process. All descriptions, specifications and particulars contained in this brochure are intended merely to represent a general idea of the products described herein and none of these form part of any contract to give rise to any independent or collateral liability upon the company.
